## Work experience

### *Hikvision Europe BV - hikvision.com/nl*

Jul. 2012 - Apr. 2021 | 40 p.w.

**Technical Support Engineer CCTV:** Provide support to B2B and/or B2C customers (Europe region) and troubleshoot via phone, email and TeamViewer (remote connection) for the entire product range. Making reports, analyses and tests of hardware and software (firmware, client, OS, etc.) Close cooperation with the R&D department for testing and reproducing customer issues. Writing user manuals of products to guide customers.

### *Networkers International Plc - networkersplc.com*

May 2011 - Jul. 2011 | 40 p.w.

**IT Engineer: (Project Unisys at Unilever)** Building computers and laptops using MDT scripting processes, migrating computers using the Unisys script, performing quality assurance tests of the computers before transferring them to end users, helping in transferring OS systems, transferring applications and data.

### *Koninklijke Rijnja - rijnja.nl*

Jun. 2009 - Dec. 2010 | 40 p.w.

**Desk Top Publisher & Print operator:** Layout preflight checking and scanning of digital documents to prepare for automated mass-production printing systems. I will print these documents into a digital photocopier, scanner and multifunction printer machine: Océ VarioPrint 6320 Ultra.

### *Haro International*

Mar. 2008 - Mar. 2009 | 40 p.w.

**Graphic Designer (DTP-er):** Create and layout Corporate Identity (brochures, flyers, emails, posters, catalogues, etc.) of some small and medium companies and other bigger brands such as: Samsung. I used Adobe CS3 software.

[M.E.M. Holland - memholland.com](http://memholland.com)

Nov. 2006 - Nov. 2007 | 40 p.w.

**Account Manager:** Purchase and distribute used "can-making machinery" equipment. My task was to manage sales orders, make sure deal was close with customers (worldwide area). Process all necessary documentation such as shipping, customs, Incoterms (pro-forma invoice, mailing lists, credit lists, etc.) Software used: MS Office: (Outlook, Word, Excel) and Account View.

[Trust International - trust.com](http://trust.com)

Nov. 2002 - Jun. 2006 | 40 p.w.

**Customer Support IT:** Provide support to B2C customers (Spain and Italy area) and troubleshoot issues via phone or email for the whole product range. Provide a reply with the solution to fix the issue within 24h. Make reports, analysis test and enter all info into the CMR system. Close collaboration with the R&D department for testing and reproducing customers issues.
